FOURTEEN GREENBELTIANS ANSWER HURRIED CALL TO DONATE BLOOD FOR TRANSFUSION

Patient Rallies: Blood Not Needed

A splendid spirit of neighborliness was demonstrated here late last Sunday night when in response to a call fourteen citizens, men and women, answered, ready to give their blood to save the life of a fellow Greenbeltian.

At an hour close to midnight and at a moment's notice these fourteen Greenbeltians, supplying their own transportation rushed to the Garfield Hospital in Washington, having been summoned by Mrs. Letkemann and Mr. Moore, members of the Medical Board.

At the last moment the patient showed improvement, and Dr. Thomas A. Christensen of the Health Center, who was treating her, decided that a transfusion was not necessary.

The patient, Mrs. Helen Raddant, was sufficiently improved to leave the hospital yesterday.

Mr. and Mrs. Letkemann and Mr. Guy Moore rode about at midnight rounding up would-be donors. Very helpful also were Mr. Roy S. Braden, Town Manager, Mr. Wallace F. Maboo, Chief of Safety, and Mr. George Panagoulis, of the police force, through whose efforts a Greenbelt Station wagon was converted into an ambulance, and the patient was rushed to the hospital.

The Greenbeltians who turned up ready to donate their blood are: Mr. Frank Burr, Mr. H. W. Millor, Mr. and Mrs. Thomas Freeman, Mr. and Mrs. Herbert Weatherby, Mr. and Mrs. H. W. V. Letkemann, Mr. Jack Gale, Mr. Max Hayes, Mr. Guy Moore, Mr. A. Plackett, Mrs. A. Sansone and Police Officer Panagoulis.

RECEPTION HONORS KINCHELOES TONIGHT

The congregation of the Greenbelt Community Church will hold a reception in honor of Reverend and Mrs. R. L. Kincheloe at the School Auditorium tonight at eight o'clock.

The arrangements committee have prepared an interesting and varied program of entertainment to be followed by refreshments.

Dr. Kincheloe formerly lived in Clarksburg, W. Va. He is a graduate of Duke University and the Colgate-Rochester Divinity School. He also studied at Denison University at Granville, Ohio, where he met Mrs. Kincheloe who, before their marriage, was Miss Jane Catherine Weimert, of Buffalo, N.Y.

Dr. Kincheloe is an accomplished musician, having taught piano for several years at Rochester, N.Y.

This reception provides an opportunity to greet the new pastor and his wife and members of all religious faiths are urged to attend.

WELL-BABY CLINIC FOR GREENBELT

Dr. Thomas A. Christensen, Health Association physician, will begin a well-baby clinic service in Greenbelt this Friday. The clinic will be available to all babies in Greenbelt, whether they be members of the Health Association or not. The purpose of the clinic is to safeguard the health of Greenbelt citizens thorough preventive medicine. Children will receive periodic tests for various diseases.

Hours are 8:30 to 10 A.M. on Fridays.

The clinic is free to all.

PLAYERS TO MEET TOMORROW NIGHT

The next meeting of the Greenbelt Players will be held in the meeting room over the drug store, tomorrow July 14. There are still several parts in the next bill of plays to be cast, and those interested should declare themselves not later than July 14th.

To reassure the occupants the apartments at 40 E Crescent Rd. we offer this bit of information. There is a play rehearsal every Wednesday night in the top floor apartment of the Lyman Woodman's and any strange and unworldly souls that may come from there should be ignored. There is really no beating anyone and all of the harsh words are in the spirit of fun.

Mrs. Claire E. Warner, director of the much discussed Play Shop Play, "What Are You Going To Be?" has the compliments of all the Players on her masterful handling of story. Although it was her first effort of this kind, each character's portrayal possessed the finer points of capable direction. The trials of rehearsing three children made it all doubly difficult and Mrs. Warner may take the first of this column's invitations for a curtain call.

John P. Murray

HEALTH ASSOCIATION TO MEET

Dr. Christensen to Speak

The Greenbelt Health Association will hold its regular meeting at 8 p.m. Monday, July 18th, in the social room at the school and "all members are urged to attend," according to an announcement by the board of directors.

The meeting will feature an address by Dr. A. Thomas Christensen, the Health Association's new physician, who will speak on the possibilities that he sees in the work of that organization in Greenbelt.

The directors will present a summary of the Association's work and there will be a financial report by the treasurer.

Mr. Charles Spector, 2 P Gardenway, entered Walter Reed Hospital Friday, July 8, for a tonsil operation, which was to have been performed yesterday.

BRAZILIAN SAILORS VISIT GREENBELT

Mr. and Mrs. Telmo Araujo entertained four Brazilian Mechanics from the ship "Almirante Saldanha" on the Fourth. They made a tour of Washington and Greenbelt and were very much enthused about the ideal homes we have.

During the evening they enjoyed the fireworks at the Lake. Much amusement and entertainment was enjoyed by our local Spanish linguists in conversing and trading cigarettes. Mr. Araujo had a fine time as interpreter, translating from Spanish to Portuguese and then to English. The sailor's native language was Portuguese.

Tuesday, Mr. Araujo was guest of Captain Perry de Almeida on board ship and enjoyed heartily a real Brazilian meal. He returned to Greenbelt with two naval officers in tow and again became guide and interpreter. By special permission both Mr. and Mrs. Araujo were entertained at dinner and made a tour of the boat Tuesday night and were permitted to remain during the salute to their flag at sunset. After the Brazilian national anthem the band played the Star Spangled Banner. The Araujos returned home with an armful of souvenirs including shawls, a locket perfume, books, food, coffee and a quart of 'Paraty' (a powerful but smooth liquor).

The ship sailed for New York Wednesday morning. The Araujos spent Sunday with their friends in that city.

SEWING CLUB ORGANIZED

A girl's sewing club was organized and held its first meeting on the afternoon of July 7th, at the home of Miss Betsy Kay Wood, 11-A Ridge Road.

Many interesting articles, including doll clothes, embroidered tea towels and aprons made their appearance.

Those present included Marjorie and Ruth Adele Schwab, Eugenia Horstmann, Patsy and Sally Hennesy, Barbara Lyles, and Patricia Mark.

The girls took time out from their labors for pink lemonade and cookies.

The hostess, Mrs. Kathryn Wood, was assisted by Mrs. Horstmann, Mrs. S.J. Schwab and Mrs. Claire Warner.

GREENBELT LAKE CLOSED TO SWIMMERS

Bids Opened for Swimming Pool.

Greenbelt's municipal lake closed to all swimmers until further notice Town Manager Braden announced Saturday.

Samples of water taken from cardinal points in the lake show that precautionary steps must be taken to safeguard the health of bathers, Town Engineer Harvey L. Vincent told members of Council at an informal meeting Friday.

Two weeks ago inspections of the water were made and a series of additional tests will be needed to determine the condition of the water. Sherrod East urged that a series of experiments be conducted by using hypochlorate.

"If Chlorinating tests are conducted, expert supervision is assured so that fish in the lake will not be endangered, Mr. Vincent said.

While there is the slightest doubt as to the fitness of the lake for swimmers, Councilman Allen D. Morrison urged that the lake be kept closed. "This is too serious a matter, and no chances should be taken," Mr. Morrison said.

Town Manager Braden has watched the condition of the lake ever since it was first opened for swimming. "We know how much the lake is enjoyed by the people here and, it is with keen regret on our part that we have been compelled to prohibit its use for swimming at this time," Mr. Braden said.

Police Chief Wallace Maboe attended the informal meeting with Officers George Panagoulis and Yale B. Huffman. The police report that increasingly large numbers have been using the lake, with record-breaking crowds turning out over the Fourth of July week-end. "Many of the people were guests of Greenbeltians," Officer Huffman said.

Councilman Robert E. Jacobsen who knows a good "swimmin' hole" when he sees one, believes that sunlight will prevent further contamination, if no serious sources of pollution are present.

Sealed bids for the construction of a swimming pool in Greenbelt were opened last week, Councilmen learned. The new pool, with accessory facilities, will be built at a cost ranging from 72,000 to 73,000 dollars. Construction is to

LEGIONNAIRES TO PICNIC JULY 24

* * * * *

Greenbelt Post #136 American Legion cordially invites all Legionnaires, their families, residents of Greenbelt to a picnic to be held Sunday July 24th, 1938 at 3 P.M. at the picnic grounds, Indian Springs, Greenbelt, Md.

It is the ardent hope of all members that there will be a 100% attendance and a real get-together. Athletics and other entertainment is part of the program.

The Baseball team got a flying start Saturday July 9 at Glendale and again July 11 and 12 at the University of Maryland Stadium where they played the Baltimore boys. The Citizens of Greenbelt have responded very generously in support of this team.

Bart J. Finn

----- Acting Adjutant.

G. C. A. SOLE SELLER OF FIREWORKS

The fireworks that were sold in Greenbelt July 4 were sold solely by the Greenbelt Citizens' Association, the Greenbelt Consumers Services, Inc., having relinquished their part in the sales because of fire insurance regulations.

The entire profit accruing from those sales will therefore go to the G. C. A.

begin at once.

The municipal lake in Greenbelt represents an investment of more than \$110,000 dollars and, in addition to its use for swimming, the Town Planners here anticipated its use for boating and fishing.

Reports have come to Mayor Louis Bossmer to the effect that "some marvelous big fish are in that lake," and that certain hopeful fishermen are all keyed up with piscatorial expectations.

"If fishermen do not get busy soon," Wallace Maboe told Bossmer, "the big fish, and all the big fish will eat each other, and when that is done, it's plain as the beans of New England, the fish will be so tired out, they will refuse to be lured by Greenbelt anglers, and if no fish are caught, how will it be possible to know how big and, how good, the fish are."

Mayor Bossmer says Maboe's piscatorial report is no piscatorial worry of the Town Council.

FIVE GREENBELTIANS MEMBERS OF NATIONAL SYMPHONY ORCHESTRA

----- by S. Maryn

That Greenbelt boasts among its 2600 odd citizens a fair number of musicians is in itself no startling news. Every town of like size has its quota of musicians. That this community, however, possesses five artists, who are members of the National Symphony Orchestra now playing a series of sunset symphonies at the Watergate in Washington, is a fact worthy of note.

The musicians in question are: Leslie Atkins, cellist, George Fair, cellist, Ralph Hersh, first violist, Jerome Rosenthal, violist, and Charles Yukl, trumpeter. George Fair, who by the way is Greenbelt's life guard on the side, Ralph Hersh, and Jerome Rosenthal are full time members of the National Symphony Orchestra, whose regular concerts at Constitution Hall during the winter season under the direction of its renowned conductor, Hans Kindler, are the delight of thousands of Washington music lovers.

Of the trio just mentioned, Jerome Rosenthal is the veteran in point of service, having played with the National Symphony Orchestra since its very inception, eight years ago. Leslie Atkins, who is articulate in more ways than on the cello, particularly at Greenbelt Citizens' Association meetings, where he often rises to tell the assembled a thing or two--was for some time a member of the Minneapolis Symphony Orchestra, and is at present an employee of the Federal Gov't. He is also a member of the Dept. of Agriculture Orchestra.

Charles Yukl has, at the time of writing, not yet moved into Greenbelt, but he has already selected his home and will have moved here Monday, July 11th.

A descriptive bulletin issued by the sponsors of the Sunset Symphonies has this to say of them:

"Described as the most perfect summer concert site in the United States, the Watergate on the banks of the Potomac River, near Lincoln Memorial, will again be the scene of a series of "Sunset Symphonies" presented by Washington's own great National Symphony under its distinguished conductor, Hans Kindler. Through the co-operation of the National Capital Parks of the National Park Ser-

HEALTH ASSOCIATION TAKES MORE SPACE

The Health Association is adding 30C Ridge Road in the Health Center to its quarters. Dr. Christensen is moving his office to the lower floor at this address and the upper floor will have a room for minor surgery and two hospital rooms. Dr. Christensen is now living at 30-D Ridge Road, phone number 2131.

Ora Donahue gave the Doctor a minor surgery case last Friday when a piece of glass became deeply imbedded in her foot. It came out after considerable delicate probing, and Ora's foot is on the mend.

Mrs. H. V. Lotkemann will represent the Board of Directors of the Association on the Welfare Committee of the Citizens Association.

Mrs. Martha Malkin has been appointed by the Board to represent it in the Educational Committee of the C.O.C.

vice and the Works Progress Administration, an acoustical shell enabling the out-of-doors concert-goers to hear the music perfectly will be placed on a Navy barge moored a short distance from the shore.

In this superb setting, said to be the peer of Chicago's Ravinia Park, New York's Lewisohn Stadium, Philadelphia's Robin Hood Dell and the Hollywood Bowl, programs that combine the great masterpieces of the symphonic repertoire and lighter works will be played. A sunset panorama of Virginia hills fading in the twilight and the sparkle of reflected lights on the Potomac with part of the audience seated in canoes clustered about the barge form a background of unparalleled beauty, ideal for symphonic music.

Dr. Kindler will conduct the two opening concerts and the final one. Outstanding guest conductors have been engaged to conduct the remaining concerts. They include Willem van Hoogstraten, Rudolph Ganz, Reginald Stewart, Victor Kolar, and Nikolai Sokoloff. These concerts will be presented every Sunday and Wednesday at 8 p.m. from July 10th to August 17th.

Tickets to these concerts are: 25¢, 50¢, 75¢, and \$1.00.

WATER YOUR LAWNS

KEEP GREENBELT GREEN

HOWDY FOLKS:

Some big doin's we had yesterday. Real celebratin of the 4th. Makes a feller's heart jump around, no matter how many 4th of July's have come and gone when "old glory" waves in the breeze the snowwhite and warm red, the "somthin" that makes us think of the word "loyal" in the blue. As Americans may not be a shoutin' all the time 'bout "our" this & "our that", but we know, like all other countries know, there's power, wonder working power in our silence.

Speakin of the 4th always brings to my mind a Sunday long ago. Pa had some right special comp'ny and he'd been a braggin' all evenin' 'bout the prize watermelon down in the springhouse. Long about six o'clock he goes down & brings it up. Said it felt kinda "light" & he guessed t'was, because it was so cold. Anyway when he pulled out the "plug" the melon was empty. His kids were kinda impatient like & had cleaned the dern thing purty as a whistle. That's all 'cept we were more interested in standin' the next day. Some fireworks!

You know, neighbors, I was watchin' the sun settin' as I come along up the road. Been a long time since I say my first one, but it always makes me wanta throw out my chest. I get so full-like, up to my chin. Makes me kinda wonder if folks ever stop to think how fine t'is to raise youngsters where they can see the sun, rise and set. Course, some of these older ones, could tell us more about the moon. All the things kinds miss in cities. Trees, birds, fresh air & the smell of clean earth. (The kinda of earth we like to put our faces against.)

I S'pose we all do some special thing everyday, that we enjoy, but try gettin' up (if you can) around 5:30 or 6 in the mornins; walk outside & breathe the real deep like. Tain't exercise I'm a'talkin' 'bout, less you can call it exercisin' the mind & Heart. How many folks get up with a grouch on? Did you ever stop to think what a downright ungrateful thing that is? Been sleepin' all night, through the darkness, then we wake up to a frown. No sirree, folks, I can't see the point. Can you? Kinda foolish eh? Let's do somethin' 'bout it. Simplest thing in the world. If you wake up sore-roll over-maybe that smile will come, if

CHORAL SOCIETY PLANS RECITAL

The Greenbelt Choral Society is now trying out music for its first recital which will be during the summer. The date and program will be announced shortly.

All singers in Greenbelt are invited to join this group. It is not a church organization, and limits itself to on one type of music. Its repertoire will be largely secular, but will ultimately embrace selections from most fields of good music. Rehearsals are held every Wed.

Donald Brower suffered a dislocated shoulder bone when he fell off a tree last Sunday morning while playing a game at the boy scouts' encampment. Mr. and Mrs. Thomas Freeman rushed him to the Health Center where Dr. Christenson examined and treated him. The following day an X-Ray showed no fracture---- and the patient is doing well.

Betty-Lou Whitely is the first baby that came to live at 48 Crescent Road. Betty-Lou announced herself to the neighbors by singing "La Traviata". As the neighbors do not disapprove of hearing Betty-Lou's fine uncultured voice. Let's hope that she becomes a great opera singer some day.

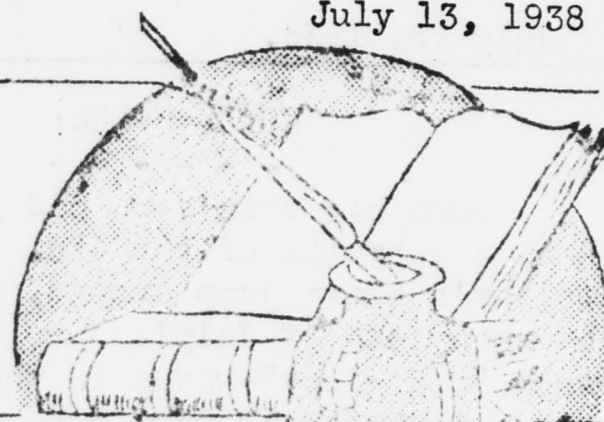

you bounce out t'other side of the bed maybe things look brighter on that side of the room. Course these pesky critters always a hoppin' & bustin' with "wim wig & Wigger" get in my hair (if any) and if Pop has been walkin' the floor part of the night with Jr. That don't count neither, taint them we are taking about, its us-ordinary folks.

Well neighbors s'pocet its' time I was on my way - can't walk fast- had too much home-made apple-pie for supper. Funny how a feller's stomach just naturally takes to apple pie. Only thing I just won't admit I shouldn't eat as much as I usta. How many of us can remember when we filled up with brown bread & baked beans, apple pie & cold milk & then had to lay out under the red maple tree for comfort - when they were 'bout 12. Oh no! --

Shucks folks I must be getting along- hope to see you again soon. Til then don't forget the "smile business", so long

A Neighbor.

SUPPLEMENTARY REPORT ON FOURTH

Greenbelt's First Fourth was a success. The weather man spoiled us. We can hope for few days so beautiful and we'll always remember how beautiful days can be. There were no serious accidents. The fireworks display was excellent. The citizens and Athletic Association made money on their concessions. The water and track meets were marked by fine spirit. A delightful holiday atmosphere was maintained throughout the day. All in all, night found us well content.

The Cooperator gave a preliminary report of the day's events last week, and the results of the athletic events may be found on the sports and children pages of this issue. However there are some items still to be noted.

First of all there is the work of Mr. Peter Carroll. He not only had much to do with the planning of the program, but he also shouldered a lion's share of its execution, being ever-present and ever-active during the whole weekend.

Among the many who contributed freely of their time and ideas were John Bozek, Francis Lastner, Mr. and Mrs. Leo F. Schmidt, Mr. and Mrs. Charles Spector, Dr. Linden S. Dodson, Mr. and Mrs. Thomas R. Freeman, John W. McCollum, Harry Fleisher, and Fred Wilde.

Also noteworthy is the price charged for soft drinks and the other concessions. The Citizens Association might have charged ten cents, as is usually done on such occasions, but believing that the interests of the consumer should be considered first, and that five cents was a fair price, five cents is what was charged. As a result treating the family to soda pop was not a major operation on Father's pocketbook.

The merchandise and prizes were bought on consignment, which means that the Association only paid for what it sold, returning the rest to the wholesaler. A final accounting has not been made, but it is estimated that profits

will exceed seventy-five dollars.

The Athletic Association ran the Bingo concession and is to be commended for its choice of prizes and for the altogether satisfactory manner in which it handled the games.

Yes, Greenbelt may pat itself on its back.

A NOTE OF APPRECIATION

It is with regret that we learn of the illness of Elizabeth Little, Women's Editor of the Cooperator since March 2nd of this year. Although ailing for the past several weeks, Mrs. Little nevertheless discharged her duties as editor, impelled by a high sense of loyalty and a deep devotion to the Cooperator and to the community. Elizabeth Little's interest in the welfare of Greenbelt is exemplified not only by her work on the Cooperator but by her other activities. She has been a leader of a Consumer Discussion Group for some time and recently was elected secretary of the local Consumer Discussion groups when they affiliated with the Consumers National Federation.

Soft-spoken, modest almost to a fault, Mrs. Little has never "tooted her own horn", as the saying has it. We therefore, take special satisfaction in acknowledging our indebtedness to her, while we sincerely hope that she recover speedily and rejoin us.

S.M.

MEDICAL CENTER OFFICE HOURS

For the benefit of newcomers to Greenbelt, the Directors of the Health Association call attention to the office hours at the Medical Center, which are as follows:

Monday.....10-12 and 4-6
Tuesday.....10-12 and 4-6 and 8-9
Wednesday.....10-12
Thursday.....10-12 and 4-6
Friday.....10-12 and 4-6 and 8-9
Saturday.....10-12 and 5-6
Sunday.....By Appointment

During office hours Dr. Christensen may be reached at the Medical Center by telephoning Greenbelt 2121. After office hours he should be called at his residence, Greenbelt 2131. During the physician's absence from both the office and his home, calls may be made to Mrs. Perkins, the Association's nurse, at

CUSTER'S LAST STAND Volume 1 Number 18

Organizations in Greenbelt are too money conscious. For their programs they haven't begun to probe the possibilities of the present, and soon-to-be, facilities at their command.

Many towns would think themselves unbelievably fortunate if they had half the equipment and grounds Greenbelt has, and these towns have produced excellent programs of community recreation.

A portion of our rent money is being used to provide us with our present equipment. We should use it for the purpose for which it is provided--for our recreation. We should have frequent socials, receptions, game nights, small dances, spell downs, hikes, campfires, stunt nights, concerts, recitals. The possibilities are limited only by our ingenuity and our imagination. Little money is needed.

Organizations that ask us to provide them a hall so that they can run revenue raising games in our community are asking us to provide the means by which they can draw from our pocketbooks money which we can ill spare, and which we would otherwise hang onto tightly.

We are not a community of poor people. Our whole income is not necessary for food and shelter. We do have a small margin of funds to spend as we like. If we spend this wisely we can make our lives rich in many satisfactions. But if we use this margin of money, and our spare time, satisfying desires we could satisfy better for nothing--then we are living unwisely.

We can, if we will, be a demonstration, not only of inexpensive good housing, but also of inexpensive good living.

Howard C. Custer

JOURNALISTIC CLUB MEETING

There will be no Journalistic Club meeting tonight. The July meeting will be next Wednesday at 8:00. At that time the possibility of putting out a printed paper will be considered and nominations for next term's officers will be made.

Greenbelt 5361.

During the nurse's absence from her home, Dr. Christensen leaves word at the drug store as to his whereabouts. The number there is Greenbelt 2201.

TO THE EDITOR:

The call for action was answered when the scheduled Handicap Golf Tournament was announced and sponsored by the Greenbelt Athletic Club. Now such action and keen interest is found to be very rare in the average community, but our fair community does these things in these unusual ways. A very broad sport program necessarily must be planned for the fall and winter with all types of sports included. At this time our community is not adequately equipped with a building and facilities to pursue such a program. It is therefore necessary that every citizen do his or her bit towards the efforts that have been initiated to secure money through a W.P.A. grant for the erection of such a building.

Our Junior Citizens Association has stepped forward to indorse a resolution for the Recreation Center in Greenbelt. The Welfare Committee of the Citizens Association, consisting of representatives of every organized group in town, and the Cooperative Organizing Committee have also indorsed resolutions favoring such a project. At this time it is believed that the Citizens Association and the Athletic Club, which both meet this week, will indorse this program in full.

With all our leading organizations in the community working towards the achievement of a Recreation Center that we as citizens would be proud of, your opportunity as an interested citizen is here. You can appear at the next meeting of the Town Council and express your wishes to our Council in a mass assemblage. We have started to move now, let's increase our speed and momentum.

Lester H. Sanders

INSECTS FIND HAPPY HUNTING

Greenbelt strollers may mutter under their beards as they pass the bright, eye-high, lights beside our walks, but certain insects find them happy hunting grounds.

Almost any night green *La. co. wings*, large carabid beetles, and various other predacious insects can be found dining on their less fortunate kin at every lamp post.

TO THE EDITOR:

After reading letters-to-the-editor and hearing pep talks by various prominent citizens in support of the proposed Recreation Hall, I should like to ask one question. How much can each family budget to support such a place?

It has been said that the eight proposed bowling alleys "will pay for themselves". This will be true only if we pay enough into them. There will no doubt be outside support, but Greenbelt must be the main source.

There are many families here who cannot see their way financially clear to join the Health Association, and many who are hampered by debts incurred before coming to Greenbelt, and yet I am sure a number of them would be heartily in accord with the idea of such a building, even knowing they cannot help maintain it.

The endorsement of the idea by citizens groups is now so general that it seems to me we should know where we stand. The whole plan is hazy to say the least, both as to construction and maintenance costs, and as to source of original "endowment", and I think we should think in individual terms for a moment before taking on a collective obligation.

Dorothy H. Custer

HEALTH COLUMN JOINS COOPERATOR FEATURES

A Health Column, conducted by Dr. A. Thomas Christensen, Greenbelt Health Association physician, will be a regular feature of the Cooperator, beginning July 20th.

Dr. Christensen will discuss health topics of general interest and will also attempt to answer questions concerning health and hygiene submitted by Cooperator readers.

Questions should be addressed to Dr. Christensen and deposited in the Cooperator News Box in the Food Store or turned over to Nurse Perkins at the Medical Center, 30-C Ridge Road.

It is not essential that questions be signed.

This question and answer service is available to all residents of Greenbelt and is not limited to members of the Health Association.

Mr. and Mrs. Daniel W. Warner and daughter Beverly of Baltimore, Md. spent the Fourth with Mr. and Mrs. George A. Warner, 13-H Ridge Road.

Mrs. Greenbelt

DISCUSSION GROUP MEMBERS VISIT FOOD AND DRUG ADMINISTRATION EXHIBIT.

Several members of Discussion Groups paid a visit to the Food and Drug Administration exhibit of foods and drugs. This exhibit is in connection with Ruth de Forrest Lamb's book "The American Chamber of Horrors" and displays facts of vital importance to consumers. Arrangements were made to borrow the exhibit in picture form to enable Greenbelt residents to see it.

The group consisting of Mrs. Faye Howard, Mrs. Dorothy Rider, Mrs. Geo. Tretter, Mrs. Leo Schmidt, and Mrs. B. Maryn were indebted to Mr. Leo Schmidt for his courtesy in taking them to and from the Department of Agriculture.

GROUP LEADERS DISCUSS COOP PRINCIPLES

Despite the extremely hot weather the Leaders of Consumer Discussion Groups met last Wednesday at the home of Mrs. Taylor. Following the suggestion made at the Educational Committee on Coops, the group leaders have begun to acquaint themselves with the principles of cooperatives. At this meeting the discussion was based on questions found in the second chapter of Alanne's book on cooperative principles.

A short business meeting followed the discussion and cool refreshments served by Mrs. Taylor helped to make the afternoon a very worth while one.

Miss Anne Scott, of Hartford, Conn. is visiting her sister, Miss Edna Scott 11 E Parkway, this week and next. She enters her Junior year at Mr. Holyoke College this Fall.

Mr. and Mrs. J. T. Dognan, 36 A Crescent Rd., were visited over July 4th week-end by Mrs. Dognan's Mother, Mrs. S. Schiorock, her sisters Madlyn and Ceil and her brother Charlie Schiorock from Union City, N. J. and Aunt Mrs. M. Bradley of Cincinnati, Ohio. After having spent a most enjoyable time over the week-end, they left Greenbelt, hoping to return again, as they found our town to be much nicer than they had anticipated. Miss Marie Meyers of Jersey City, N. J. a niece of Mrs. and Mr. Dognan, who was also in the party will spend the remainder of the summer here in Greenbelt.

Margaret Welch, 1 A Woodlawn is in bed with the mumps.

Consumer Discussion Group 18 met Tuesday, July 5th in the home of Mrs. Faye Howard. Mrs. Florence Skop led a discussion of tooth pastes and powders from which the group learned that salt and baking soda are both effective and inexpensive dentrifices.

DONALD BREWER MEETS SHIRLEY TEMPLE

Donald Brewer, 58 C. Crescent Road, visited the Washington Monument with Shirley Temple, during Shirley's recent visit in Washington. She gave him her picture with a facsimile autograph. She said she didn't have time to really print her name out for him, because that day was her "Picture taking day." Donald watched her take several snapshots of the city from the monuments, and thought she was quite a "good sort."

With him on the occasion were his mother Mrs. Velma A. Brewer, his uncle and aunt, Mr. & Mrs. Harold Brewer of Ind., and his grandmother Mrs. Maude Brewer.

A baby girl was born to Mr. and Mrs. William Siegel, 50 B Crescent Road.

Mr. Thomas Brosmer and Miss Agnes Brosmer of Columbus, Ohio spent a week visiting with their brother Lawrence Brosmer of 33-B Ridge Road.

Mr. and Mrs. Ben Speidel and sons Benny and Ronnie of Richmond, Va., spent the week-end with Mr. and Mrs. Levi Pitman of 62 A Crescent Rd.

Blake and Dick Palmer, sons of Mrs. Lydalu Palmer, I-D Eastway, and their grandmother, Mrs. W.H. Blake, are vacationing in Bay Shore, Long Island, at the home of Mrs. Blake's daughter, Mrs. A.D. Tipton. Dr. and Mrs. Tipton have twice been visitors to Greenbelt.

Mrs. Leo F. Schmidt, 2 T Gardenway employed by the Chilean Nitrate Co., has been transferred by that company to its Norfolk, Va., office, where he is to report in September to become Manager of Distribution.

Greenbelt congratulates Mr. Schmidt upon his appointment, but will sorely miss him and Mrs. Schmidt from the community. Their contributions to the town have been many. Mrs. Schmidt has been one of the most faithful workers in the organization of the Health Association and both of them have set notable examples of unselfish community service.

Mr. and Mrs. B.P. Terrell and son Simon of Warrentown, N.C., have been visiting Mr. and Mrs. Harold Chafoy, 32 D Crescent Road.

Mr. and Mrs. Fred DeJager of 58 L Crescent Rd. have recently returned from a two week's trip to Chicago, bringing with them Mrs. DeJager's young sister Shirley De Leeuw.

Ora Donahue entertained several of her little friends at a birthday party recently. She was 11 years old. The guests played "Button, Button, Hide the Button" and "Donkey Party". Refreshments were served on the lawn. Those present were June Donahue, Fay Freedman, Jimmy Malsness and Betty Jane Falkenberg.

THE YOUNGER SET

We certainly hope all of you are enjoying your vacation. Even if you spend your vacation in Greenbelt, we know you have a big time getting better acquainted with your Daddy. Would it not be wonderful if Daddy could stay home every day and play with us?

Even though her last name is Walker, Lillian Annm who will be four years old next week, July 13th, thoroughly enjoys riding her bicycle. She also likes to play with her stove, and to dig in the sand. Lillian's little brother Donald is two years old.

One of our latest new comers in Greenbelt is Elizabeth "Barrie" Neal who was 19 months old last Saturday, July 9th. She just cut her 16th tooth July 1st. Barrie repeats everything said to her and recognizes anything she sees that has been named before. Last Thursday, Barrie fell down the steps and bumped her head. When we spoke to her, she was eating ice cream, and told us, "My head feels much better now. The ice cream makes me feel so much cooler and soothes the pain". We hope the bump is all right now, "Barrie".

Michael Michalson has only been in our community two weeks. He hails from Baltimore. At 7 months he weighed 19 pounds and has already cut two teeth.

Sherryl Ann Wagstaff is a very grown up girl now, at 17 months. She says mama, high, bye, hi-dere, and baby.

Nancy Sue Price, 3½ years old would certainly like to have some little girls her age come around and play. She told us her community was entirely free of boys. Nancy Sue likes to have little tea parties, likes to see-saw, and play Ring-Around-The-Rosy and London Bridge is Falling Down. Perhaps some of you are her age, would like to roll your baby buggies and dolls over to Nancy Sue's some afternoon.

Toni Larmore

Mr. and Mrs. Irvin Reamy, 45 E Ridge Road, and son Paul, were vacationing on the coast at North Shores last week.

MRS. GULLIBLE AWAKENS.

POTS AND PANS (CONTINUED)

By Bertha Maryn.

What should Mrs. Consumer cook in--tin, glass, aluminum, copper, enamel? And if she uses aluminum should it be heavy cast, or thin sheet?

A general rule to follow is to use light utensils for quick cooking and heavier ones for longer process. For quick boiling on top of the stove Mrs. Consumer should chose a quick heating pan such as enamel or pressed aluminum of medium thickness.

For oven roasting, the pan should have a smooth interior surface and a rack to hold the meat. Except for veal, it is best to roast meat in an uncovered pan (A good thing to remember when a salesman tries to sell you a roaster)

Experts tell us that for baking cake and muffins tin or glass containers are best. Aluminum and enamel rate second.

For cooking cream puffs and baking powder biscuits, tin baking sheets have been found most satisfactory. For evenly browned products use sheets without sides.

A very important item in cooking efficiency and economy are the covers for your pots and pans. Covers should fit perfectly. Vegetables will cook with very little water if a tight fitting cover is used. (This is especially true with an electric stove)

Consumer's Guide in its April 25th issue contains a detailed article on this subject. A penny post card addressed to Consumers' Guide, Dept. of Agriculture will bring a copy to your home.

Discussion Group No. 17 met at the home of Mrs. Raddan last Thursday afternoon. Mrs. Raddan has been in charge of the group since Mrs. Fair has been in the hospital.

Meats are being studied and everyone is anxious to learn everything about this subject. The group found that the government graded meats fall into seven grades but for the housewife of average means the first four grades are the ones she need remember--namely Prime, Choice, Good and Medium. Mrs. Raddan pointed out from a drawn chart the different cuts of meat. Mr. Laakso is expected to give

a talk pertaining to meats at one of the groups meetings soon.

Those present were: Phyllis Baxter, Frances Rosenthal, Betty Roberts (who was accompanied by her son Paul, who thought the subject of meat quite boring and tried to find other means of amusement), Mrs. Carry Hall, Virginia Botha, Myrtle Maughan, Helen Raddout and Madeline Conklyn. Delicious gelatin dessert and grape juice were served.

The Next meeting will be at the home of Mrs. Maughan, 3 E Parkway Rd. next Tuesday evening.

QUESTIONS OF INTEREST

Q. WHAT TYPES OF PEAS ARE USED FOR CANNING AND HOW DO THEY DIFFER?

A. The two types of canned peas are the early June or Alaska, a smooth skinned variety and the wrinkled skin variety often called the Sweet Pea of Sugar Pea. The latter has a sweeter taste than the Early June.

Q. WHAT IS THE DIFFERENCE BETWEEN A PLUM AND A PRUNE?

A. A prune is a variety of plum which can be dried without removal of the pit and without fermentation of the flesh. A ripe, fresh prune can be separated from its pit like a freestone peach, but a plum cannot be operated in this way.

Q. HOW OLD IS THE PROCESS OF CANNING?

A. The process of preserving food in cans was perfected in 1804 by a Frenchman named Francois Appert after he had experimented for 9 years. He was awarded a prize of \$2,500 by Napoleon.

Q. WHAT IS THE PROPORTION OF MEAT TO VEGETABLES IN CANNED CHOW MIEN?

A. Canned chow-mien is usually two-thirds vegetables and one third meat, chicken or pork.

Master Marshall Dawsey of 9 D Ridge Road celebrated his fifth birthday on July 1st. His mother gave him a lawn party. The following boys and girls were present: Charles Rust, Dickie and Allen Klotz, Ellen Rosenberg of Washington, Jimmy Dawson, Thor Wood, Smith Pickott, Buddy, Bibby Francis, Jean Kasko, Ann and Vera Gardner of Greenbelt; and Lynn and Virginia Dawsey from Takoma Park, Md.

SPORTS

DUPE FOR THE "DUPES"

By George F. Carnes

A wild yell, a splash--the water ripples like summer wheat where the man has disappeared! The crowd, faces white as chalk, stand silent as the sheeted dead. No--there is one who moves! Swiftly and surely he races to the waters edge, poses, his figure like a carving on a spire. A clean dive--a few powerful strokes and he is abreast the sinking man. The swimmer in distress makes a few half-hearted clutches for the rescuer's neck--rescuer backs a way and waves an admonishing finger. The one in distress ponders for a moment, seems to relent, then allows rescuer to secure approved lifesaving hold. (See page 4, par. 5, Sailors Life-saving Manual) Crowd cheers lustily and George Fair takes a bow, for he has proven to everyone's satisfaction that a man's life can be saved, providing of course, that the man can swim and is willing.

Surrounded by reporters, photographers, policemen and pretty girls, George had only one statement to make.

"If Max Baer can make good for little Maximilian, and if Jim Braddock can bring home the bacon for Ma Braddock and all the little Braddocks; then I certainly consider it my duty to make good", and then his face lit up with a smile as he added, "for little Marta".

Well spoken George; looks like you have something!

Howard C. (Cut-up) Custer, author, lecturer, and renowned journalist, had one embarrassing moment during the 4th, when one of the half-pint Greenbelters cornered him and wouldn't let go until he had sold Custer the idea that he would have to play horse for him in the Man and Boy Rider race. The noted scribe was reluctant at first but youthful enthusiasm prevailed and Custer was mounted in the approved western style. The last we saw of brother Custer he was standing at the starting line, just where the other runners left him!

GREENBELT JR'S WIN OPENER

Leo Mullen and H. O. Melsness gave their opening presentation of the American Legion Jr. Baseball Team in a nine act drama entitled, "Youse guys is cream puffs, Where do we go from here?" Using all three of their pitchers in order to give them practice, the Greenbelters only gave up a total of 4 hits. The teamwork of the players was surprising considering that this is the first game they have engaged in and the first time they have ever played together. They play their opening game of the annual American Legion Tourney on Monday.

Emeralds	5	145	39	.269
Snob Hill	*7	164	40	.244
Cubs	6	185	45	.243
Paradise Lane	*4	87	20	.230

*The Game between these two teams was a forfeit to Snob Hill. The actual games played by these two teams are 6 and 3 respectively.

NOTE

All statistics given in the above tables are for the second series only and include the game played on July 8, 1938.

It is evident from the above figures that the Cliff Dwellers position at the top of the ladder is probably due to the pitching of Barker and Dahnke, since none of the Dwellers are among the leading ten hitters. The leading ten hitters furnish a surprise in themselves; the lowest batting average of the ten is .471 which is pretty good in any man's league. The high average teams seem to fatten their batting average and give their standing a boost at the expense of Paradise Lane and the Emeralds, for, although having played a couple of close ones, neither team has been fortunate enough to cke out a single win. The Bombers still have an excellent chance to take first place by winning all their games. This would create a tie if the Cliff Dwellers lost only one and would necessitate a playoff.

CHILDREN'S PAGE

SUNDAY SCHOOL PICNIC

The children of Greenbelt Sunday School displayed prowess in a number of accomplishments at the Sunday School picnic held by the Lake Saturday, July 9. One of the most conspicuous was the consumption of ice cream sandwiches and cracker jack which were provided free.

Races were held for grown-ups and children too. Here are the winners among the children.

Races	Ages	Winners
25-yard dash	4-5	Winifred Strickler
Three-legged	10-14	Joan Provost Rosalie Poston
Speed (25 yd)	6-7	George Bauer Marilyn Eshbaugh
Speed (50 yd)	8-9	Wesley Bryant Mary Jane Craig
50-yard dash	15-17	
girls		Lossie Thurston
50-yard dash	10-14	
boys		Mahlon Eshbaugh
girls		June Donohue

Posters advertising the picnic were judged in a contest. The winners received prizes of a dollar in cash. Shirley Mitchell won among the younger children and Marie Louise LeMire in the older group.

REPORTERS NEEDED

Would you like to be a reporter for the Children's Page during the rest of the summer? Now, while we don't have special reporters from the rooms at school, it is more difficult to get news. And we need news. If you would like to "cover" your neighborhood for the Children's Page, will you telephone 4571 and tell the Children's Editor, or come to see her at 33-C Ridge Road? Do it right away. We need you.

Also we should like stories or poems which you have written. Please share them with us.

THE GLORIOUS FOURTH

Greenbelt children displayed speed and originality in the races and contests on the Fourth of July. The list of winners is long:

Races	Winners
5-year-old	Mabel Ann Lee Bob Plackett
6-year-old	Patty Plackett
6 and 7	John Martone
8 and 9	Carolyn Tompkins Buddy Ward
10	Ora Donohue
10 and 11	George Nielson
12 and 13	Herbert Hall-in run-off June Donohue
15, 16, and 17	Dolores Carr
Boys' Sack Race	Donald Brewer
Girls' "	" Dolores Strohmer
Little Boys' "	" George Bauer, Jr.
Man and boy-on-shoulders	George Carnes and George Carnes, Jr.

In the short parade that took place at the center at ten in the morning, Mahlon Eshbaugh carried off top honors for a beautifully decorated bicycle. He featured the Greenbelt colors, green and white, with streamers flowing from his handle bars, a sign proclaiming "Greenbelt's First Fourth" and a replica of the Greenbelt flag flying behind him.

Patricia Featherby won first prize for the girls. Blake Palmer and Connie Carroll took second prizes.

The parade was followed by tricycle races in which Eddie Halley, Jimmie Taylor and John Teal were winning boys for the ages of four, five, and six, and Sylvia Norvell and Caroline were the winning girls.

Rain

The olms wave delicate fronds of black
Against a sky of pearly gray.
How can anybody think
That this is not a lovely day?

YOUNG CITIZENS TO RUN TOWN

The Junior Citizens of Greenbelt plan to make Labor Day theirs, relegating their Seniors to the shade and a life of ease for that day.

They will roll up their sleeves and take over the management of the town. Sister Mary will run Mother out of the kitchen, Brother John will assume Father's official title as Handy-Man-about-the-House. Both Mother and Father will sit to one side while their children show them just how things should be done.

Detailed plans have not been completed, but they are being diligently worked on, and will be announced as soon as completed.

A FACTUAL TALL STORY

Jack Swailes, 3-E eastway, knows his horticulture. He has a hollyhock in his back yard which is over 11½ feet tall, and still growing.

COUNTY SCOUTS TO HOLD CAMPOREE IN GREENBELT

Representatives of all Boy Scout Troops of Prince Georges' County will be guests of the Greenbelt Troop this week-end when they assemble on the dry side of the Dam for an official Camporee under the command of County Commissioner Frank S. Taylor.

The purpose of the Camporee is to let the boys demonstrate their ability as campers. Each camp will consist of two boys with a tent, who will "camp out" from Saturday afternoon to Sunday morning, just as if they were camping overnight in the woods. Those who camp satisfactorily will be officially recognized as 'Standard Campers'.

Arrangements are being made for 100 tents.

The Cooperator again reminds its readers that it does not publish letters To THE EDITOR which do not contain the writer's full name.

GOVERNOR BACKS CO-OPS

George D. Aiken, Governor of Vermont, reaffirmed his endorsement of the cooperative movement when he told three hundred farmers at the dedication of a cooperative milk plant in Randolph, Vermont, May 10:

"It is my firm conviction that in the cooperative movement as a whole lies the solution of a large part of the problems confronting the people of our state. In the same manner, I feel and recognize the cooperative movement as a strong national force."

ANNOUNCEMENT

The Home Laundry is pleased to announce the appointment of your neighbor, Mr. Morris Coff as their representative in Greenbelt. Mr. Coff's address is 2-D Eastway; telephone - Greenbelt 4801.
